On another topic, thinking about elected officials in the state government who share your positions on the most important issues facing Louisiana. Should they work with elected officials they disagree with, even if it results in some policies you don't like, or should they stand up for their positions, even if that means little gets done in the state government?

	They should work with elected officials they disagree with	They should stand up for their positions	DK/Ref (Vol.)	Total	N
